PRICE **On Request** +91 99139 11614

BUYING GUIDE

Carbon or steel — which cylinder?

Carbon composite

- Light: about 4 kg for 6.8 L
- 300–330 bar working pressure
- Best for SCBA worn on the back
- Also ideal as a PCP buddy bottle

Steel

- Heavier: 9–11 kg for 6 L
- 200 or 300 bar options
- Lowest cost per litre
- Best as a filling / storage tank

Not sure? Call **+91 99139 11614** and we'll suggest the right one.

BREATHING AIR PRODUCTS

04 Compressors

Fill SCBA, PCP and paintball cylinders up to 330 bar
